Assembly

Apron Skirt Fabric
(right and wrong side)

Pocket
(right and wrong side)

Ties, Waistband & Lining
(right and wrong side)

Pin the pocket under the upper layer and secure with a few pins.

Pin the bias binding to the underside of the apron first and sew in the fold line of the bias binding. Roll the bias binding to the front so it sits just over the visible stitch line. Sew 2 mm from the folded edge of the bias binding. Press the pocket opening.

Place the contrast fabric/lower layer underneath the top layer.

Lift the top layer to reveal the pocket and pin them to the lower layer. Topstitch the pockets into place. Trim the edges. Attach the bias binding to the lower layer of the apron all the way around, sewing in the fold. Roll the bias to the front, so it just covers the visible stitching line and topstitch.
