## Method

THE CHOICE IS YOURS:  
LONG SLEEVES  
OR  $\frac{3}{4}$  LENGTH

### Step 1: Preparation

#### ▲ THE CUT

140cm LAY PLAN

110cm LAY PLAN

1 Iron your fabric (which should ideally have been washed beforehand) and fold it in 3, in the direction of the grain line (parallel to the selvedge).

2 Trace and/or cut out your pattern piece to the desired size.

3 Place the pattern paper on the fabric,

putting the marker "along the fold" edge-to-edge with the fold of the fabric and pin the pattern piece to the fabric (c.f lay plan diagrams).

4 Cut your fabric right upto the edge of the pattern piece.

5 Transfer the darts and notches.
