

Crochet pattern cat pillow: with American crochet terms

Crochet your own kitty-cat!

For the cats with multiple colors we will use in this pattern the crochet technique 'Intarsia'. This is the technique where you change color in a row and just continue with the new color. Leave the old color hanging until you need it again. You don't want the color changes seen from the front so remember to keep all your tails on the wrong side of your work.

Skill level: easy

Sizes: available in 2 sizes; depending on the yarn weight you use the cat pillows will be approx. 33 cm high and 25 cm wide / 13 inch high and 9.8 inch wide when using a DK / Light worsted yarn. Using a sport / 4 ply yarn the cat pillow (the little gray cat) will be approx. 23 cm high and 18 cm wide / 9 inch high and 8 inch wide

- Hook E 4 (= 3.5 mm) when using DK / Light worsted Yarn
