Select size based on the bust or hip measurement, depending on which is greater. You can grade between sizes if you need to go down a size for bust or hips.

## RECOMMENDED FABRICS

Linen, Tencel, crepe, rayon, cotton, ramie, canvas, denim, corduroy.

## FABRIC REQUIREMENTS

Long: 3m/ 3.5yds

Short: 2.5m/2.5yds

Fabric widths vary a lot, so as a guide, the general rule of thumb is to measure twice your length to estimate fabric requirements. Wider fabrics require less fabric as you can top and tail the pieces, however if your fabric has a nap or directional print this is not possible and you need to place all pattern pieces in the same direction.

## SUPPLIES

Optional buttons or braces.
