CHOOSING YOUR CORRECT SIZE

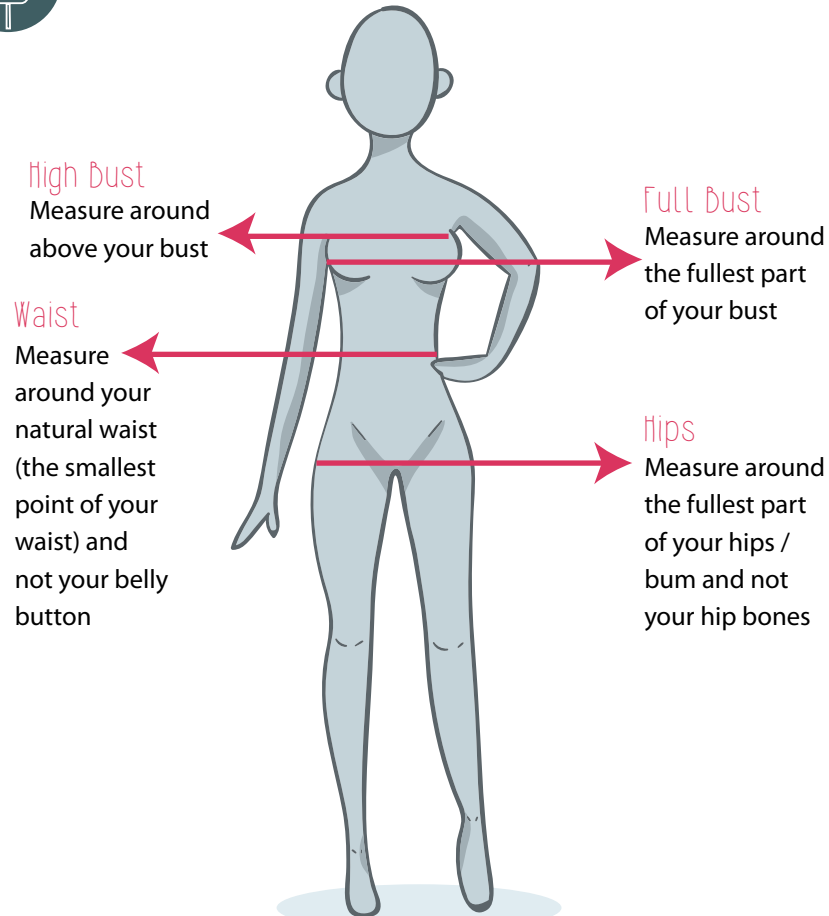

INTENDED FIT

This shirt / tunic / dress has 2 different fits: slim and relaxed. The slim fit is intended to be fitted at the bust, waist, and hips. The relaxed fit is intended to be fitted at the bust and then relax out at the waist and hips. Choose your size based on your **FULL BUST** measurement and blend for your waist and hips if necessary.

If your full bust is more than 3-4" larger than your high bust see page 15. More information on how to blend your measurements can be found in the Custom Fit section of this PDF.

LIST OF SUPPLIES NEEDED

RECOMMENDED FABRICS

Medium weight knit fabric, 30-40% stretch.

Examples: Jersey knit, sweater knit, cotton lycra, polyester blend, etc

OTHER NOTIONS NEEDED

Optional for the funnel collar:

- * Grommets (11mm is my preference)
- * Iron-on interfacing to reinforce grommets

ABOUT THE FABRIC REQUIREMENTS

The chart of fabric requirements below is based off of 60" (150cm) wide bolts of fabric.

It also does not take into account fabric shrinkage or fabrics with directional prints.

PRE-WASHING YOUR FABRIC

It is very important to pre-wash your fabric how you will wash it once you have sewn the garment.

Pre-washing your fabric will prevent the garment from shrinking after you have sewn it.

FABRIC REQUIREMENTS

In addition to the fabric for the shirt. Most of the add-ons can be combined to share yardage.
