

2 Front face preparation

Take the 22 x 50 cm coupon and make a first fold at 3 cm. Hold it with the wonder clips. They are very handy, but if you don't have any, just grab pins.

Then make either 1 cm folds, or 1.5 cm, as you prefer. Leave the last 3 cm without folds.

The pleated set should be the same size as the coupon left out.

Once the pleats are held in place by the pliers or pins, make a seam 0.5 cm from both edges (top and bottom) to secure them.
