How to choose your size

Every Person is individual and beautiful, it's normal that you need to adjust a pattern to fit you well. You might need different sizes for bust, waist and hips. How to do this is described on the next page. Depending on the stretch of the fabric you might need a smaller size, the pattern is drawn for stable knits.

Fabrics

Knit fabrics like cotton knit, french terry,
cotton spandex, rayon spandex.
Flowy soft knits are especially nice for Harmony.
