

## Sewing instructions

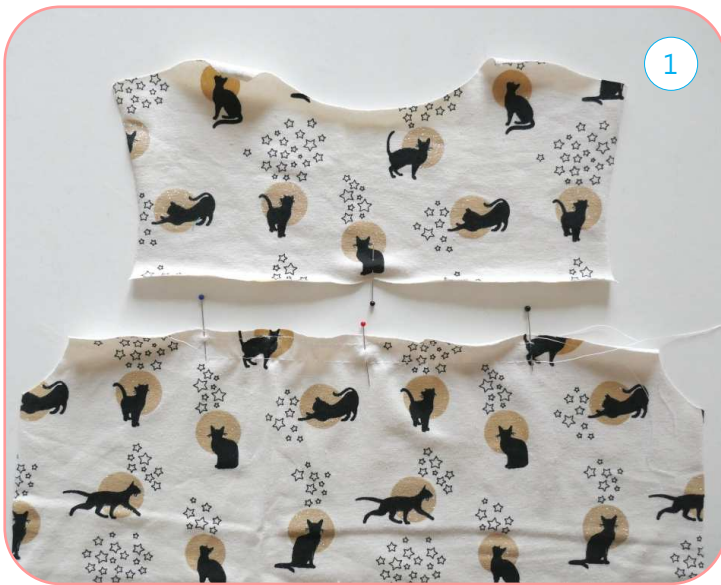

### - 1 - Making the yokes, with or without gathers

For a version without yoke: go directly [page 10](#) for the invisible button placket or [page 13](#) for the visible button placket. For a version without yoke or button placket, go directly [page 17](#).

If you don't make gathers at the back, simply pin the two parts of the back, right sides together and go to [step 6](#).

Gathers at the back: place a pin to mark the middle of the parts of the back. Then place 2 pins on the top edge of the bottom back piece at the level of the pattern's marks. Stitch two gathering threads at 0.5 and 1.5 cm of the top edge of the bottom back piece. (1)

Pin the top and the bottom of the back, right sides together, by placing the pin on the side of the bottom back piece: start pinning from an armhole to the first pin that marks the gathers. (2)

Pin the two back midpoints together. (3)

Then pin from the second armhole to the second pin that marks the gathers. (4)
