

Knitting pattern Vest Tara

Vest Tara is a simple vest pattern for women and it is knitted bottom-up.

You can choose to knit the bottom part of the vest in the round (version 1 on pages 1-3) or to knit flat a front and back piece and sew them together (version 2 on page 4).

Knit in round: when we reach the armholes we divide the vest into a front and back piece. The rest of the top will be knitted flat and we sew the shoulder seams

Knit flat: we knit 2 identical pieces and sew the side seams and shoulder seams.

The used stitches are simple, just knit and purl. There is no front or back to this vest. Both sides are identical.

The pattern is available in 5 sizes. See the size chart for more information.
