Fabric recommendation: jersey, velor fabric, sweatshirt fabric.

Jersey stripes: Cut a 4 cm/ 1$^{37}/_{64}$in wide strip of jersey, measure the required length on the pattern and, depending on the elasticity of the fabric remove 15-25%. (I multiply the measured value by 0.8)

Important for e-book: "Page, Sizing and Handling" should be set to "Actual size". No scaling is required while printing. Printing orientation should be set to "Auto Portrait/ Landscape".
Please check the measure square 5 to 5 cm (1$^{31}/_{32}$in to1$^{31}/_{32}$in) matches with your printing.
You can print on A4 or letter US paper.

Pin and stitch front and back panels together, right sides facing. Finish the shoulder seams.

Finish one side of the ribbon binding and pin to open edge of the sleeves, right sides facing. Stretch binding a bit while sewing.

Fold the ribbon binding inwards and pin along the edge. Topstitch the binding from the right side close to the edge. You can also use a twin needle.
