

# Tutorial

## Stitches and colours

Use splitstitch and stemstitch. The stitches are explained on page 4.

Thread colour Anchor:  
yellow 00291, turquoise 188

The number of strands are reduced by one strand at the stem because its more filigrane there. The lines of the leaves structure inside are not all attached to the stem. That and some

from nere down to  
the stem

# Artwork

10,5 x 10,5 cm framesize

Set the printer to „real size“ or set the scaling to 100%.

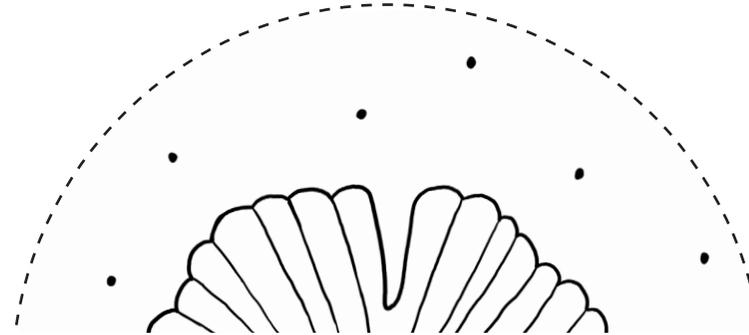

## Print for other framesizes:

Mathematical formula to adapt the scaling for other framesizes

$$100 : 10,5 \times \text{framesize} = X \%$$

## Example for framesize 13 cm:

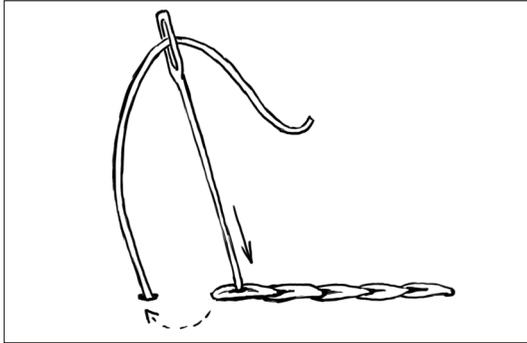

$$100 : 10,5 \times 13 \text{ cm} = 124,76 \%$$

# How to do the stitches

## Split stitch

Move the needle bottom up through the fabric in same distance like the stitch before. From up you stitch directly in the strand of the stich before and split it with the needle.

## Stem stitch

Move the needle bottom up through the fabric in same distance like the stitch before. Then put the needle to the hole at the end of the last stitch.
