

# FROM THE FOUNDER OF THE #VIKISEWS BRAND

---

Back in 2016, when I was working on my first set of sewing instructions, I was trying to write them in such a way that even a complete beginner could easily understand and use them to create their very first garment. These instructions laid the foundation for the Vikisews brand, its vision and its mission. I wanted to create modern patterns with the utmost detailed and clear instructions.

Now, with each new collection we are constantly improving our instructions, amending them and adding more relevant details. By the time the final product reaches you, our drafters, correctors, and editors would have spent weeks perfecting every word and every photograph. If you compile a few of our instructions together, you will get a sewing manual that will assist you in sewing all kinds of garments at any difficulty level.

And I would be very happy if these instructions helped you to turn your hobby into a lifelong passion... Enjoy the process! Create your ultimate dream wardrobe! Wear your garments proudly for years to come!

# SUGGESTED FABRIC

---

To sew this dress, choose dress-weight fabrics with the following properties:

- moderately lightweight, pliable, soft, non-stretch or low-stretch, opaque
- the fiber content can include natural fibers (silk, cotton, linen), artificial fibers (viscose), blends (viscose + silk, viscose + polyester, cotton + viscose, etc.), and synthetics (polyester, polyester + elastane)
- the following fabrics are recommended: dress-weight silk, dress-weight denim, silk velvet, modal, dress-weight viscose.

**Attention!** We do not recommend heavyweight, structured fabrics without drape (heavyweight cotton), as well as thin sheer fabrics (chiffon, organza).

The garment in the photos is made of dress-weight viscose. The fabric is medium weight, pliable, soft, and non-stretch. The fiber content is a blend of viscose and polyester.

**IMPORTANT!** When purchasing fabric, please account for shrinkage and buy 5% more than required.

6. Matching thread — 5 spools (1 spool for the sewing machine + 4 spools for the overlocker).

Following the markings transferred from the pattern, pin the darts on the wrong side of the pieces. Machine-stitch, starting from the base of the dart and continuing towards the dart point. Backstitch at the beginning of the seam only. At the tip of the dart, tie the thread ends into knots and hide them between the dart layers using a hand sewing needle.

Align the center seam edges of the two back skirt pieces, pin. Stitch on the sewing machine. Use a 4 mm stitch length when stitching the zipper section, backstitch at the end of the section and then continue stitching with a 2.5 mm stitch length till you reach the beginning of the slit. Backstitch again and continue stitching with a 4 mm stitch length. The 4 mm stitching line in the zipper and slit sections is temporary. It will help you press the seam allowances neatly and will be removed later.

Press the seam flat and then press the seam allowances open.

Press the darts flat.
