

Crochet pattern pillow with ice cone stitch – with American crochet terms

Treat yourself to lots of ice cream!

About the pattern:

- The pillow consists of 2 parts of 40 x 40 cm / 16 x 16 inch that are crocheted together
- The chains at the beginning of a row do not count as a stitch
- After a color change, leave the old color hanging on the wrong side of the pillow until you need it again in that row. When you use this color again don't pull it too hard or leave it too loose. This is to prevent the stitches from 'pulling' or creating gaps between the stitches

Level: Intermediate (I assume that you know how to change colors in a row)

Size: 1 size: 40 x 40 cm / 16 x 16 inch
