*waistline measurement

Compare the stated lengths to the measured or desired lengths. Lengthen or shorten the pant legs by cutting the pattern pieces at the indicated double lines and then spreading the pattern pieces out X cm from each other or overlapping them. Make sure that the centre front and centre back line are always straight.

IMPORTANT

Adapt the amount of fabric used to the alterations that you are making to the pattern!

IMPORTANT

Cotton shrinks, so wash fabric first before using.

fabric advice

Make the Constance Overalls using a sufficiently heavy fabric that still has a very supple drape, like a cotton corduroy with wide or fine ribbing (baby rib). Jeans or a thicker wool fabric can also be a perfect choice. Avoid fabrics that are too stiff and won't fall well. Wash the cotton corduroy first before cutting out your pieces because the fabric will shrink lengthwise!
